

The Association of Islamic Charitable Projects (AICP) is a non-profit organisation based in the UK. Since our founding we have strived to present the positive and peaceful face of the British Muslim community. In our classes and events we emphasise social responsibility and civic-mindedness.

The men and women of AICP UK are united in our absolute condemnation of the horrific violence that was witnessed in south London yesterday afternoon. Our members oppose the extremist organisations that have undermined community cohesion in Britain and around the world and we are ready to work with all others who share our goal of a bright and prosperous future.
